

Summer 2013

Attached are three Summer Fun calendars that have been prepared for your incoming Kindergartner or 1st grader. The calendars have daily activities that review and reinforce skills taught during Kindergarten and first grade.

You will also find Spelling/Vocabulary lists that can be used for creative writing activities, and book lists for selecting reading materials. We hope the material provided will enrich your child's learning. We encourage you to take time during the summer to do these activities with your child.

In addition, try to involve your child in reading activities throughout the summer. Have a super summer!
